THIRTEEN MEN ROASTED.

AWFUL DEATH OF SEVEN FIREMEN IN THE MONUMENTAL CITY.

Six Guests of a Wisconsin Hotel Meet Similar Fate—Baltimore's Loss Estimated at \$1,500,000—Panic in a Chicago Concert Hall—Fires Elsewhere.

BALTIMORE, Sept. 4.—A fire broke out Sunday morning in the warehouse of E. A. Prior & Company, on South Sharp street, and spread rapidly, burning out Wyllis, Bruster & Company, drugs; Tabb Brothers & Dominic, hardware; Prior & Company, toys; M. S. Levy & Sons, hats; H. S. King & Sons, hardware; Dohler Mudge & Company, paper, and Hirshberg, Hollander & Company, paints and glass.

When the firemen entered the drug house of J. H. Winkelman & Company the inside of the building seemed to drop down, a terrific explosion followed, and the immense building fell in a mass of ruins.

Firemen on the outside made desperate efforts to rescue their entombed comrades.

John Kelly, of Truck No. 2 managed to crawl out from the rubbish, and of the men who entered the building he was the only one to escape with his life. He was cut and bruised, but his injuries are not serious.

The names of the men known to have been buried in the ruins are George Bowers, Thomas Wagner, John A. Coombs and Perry Ryan, of No. 2 hook and ladder company, Harry Walker, George Kerins and Hiram McAfee, of No. 7 engine company. It is certain that these men lost their lives, and it may be that others were with them when the crash came.

The firms of Tabb Brothers & Dimmock and Prior & Company had large supplies of gun and revolver cartridges in stock. About 5:30 they began to explode and for a quarter of an hour kept up a fusilade, the bullets going through the windows on all sides, but fortunately nobody was shot with the exception of one man who was slightly wounded near the left eye.

The row of buildings destroyed was one of the finest in the city, none of the warehouses being less than five stories high, and nearly all of them having been recently erected. Among the buildings partially burned was the Maternite, on Lombard street, and its inmates were removed only with great difficulty. The total loss will probably reach \$1,500,000, and it is pretty well covered by insurance.

Holocaust in Wisconsin.

WEST SUPERIOR, Wis., Sept. 4.—The burning of the American house at 2 o'clock Sunday morning resulted in the loss of six lives, so far as can be ascertained, though but one body has been recovered to date—that of Pat Claire, a laborer in the pines. The hotel, situated at the corner of Third and Tower avenues, was a wooden structure three stories high and burned like tinder.

The blaze first started in a room in the second story, occupied by three men named John Olson, Minch Shoum and Walter Carter, and was occasioned by the overturning of a lamp. The register of the house was burned, so that the list of guests cannot be obtained. The loss will not be more than \$7,000 on the furniture and building, the latter being very old.

Fires Panic in a Concert Hall.

CHICAGO, Sept. 4.—A fire panic in Young's hall, Lake View, caused a stampede during a concert Sunday night and for a few minutes pandemonium reigned. Shortly before 9 o'clock, when the program was hardly half through a careless employee allowed a kerosene lamp to fall from his hands and the scenery was quickly ablaze. The flames ran across the stage and some one cried "Fire."

The women began to scream and a mad rush for the door commenced. A few cool headed men jumped on the stage and securing some buckets, threw water on the fire and extinguished it before it had gained much headway. A few children were knocked down and trampled upon, but none were hurt seriously.

Wire Mill Badly Damaged.

ST. LOUIS, Mo., Sept. 4.—The St. Louis wire mills, formerly known as the Southern barbed wire mills, on Twenty-first and Gratiot streets, were damaged \$30,000 by fire Sunday afternoon, some five hundred men being thrown out of employment for a few weeks. The works are insured for \$100,000.

William Edenbour, the president is in Europe, and John W. Yates, vice president, went to Chicago Saturday. Spontaneous combustion in the lubricating room is supposed to have caused the fire.

Fire in a Buffalo Lumber Yard.

BUFFALO, N. Y., Sept. 4.—Lee Holland & Company's lumber yard near Fifth street and back on the Erie canal was damaged to the extent of \$10,000 by fire Sunday night.

The large planing mill had a narrow escape from destruction. Two firemen were slightly injured. A few minutes before midnight a lumber pile fell burying five firemen. It was feared they were all killed; but upon removing the lumber they were taken out badly bruised and otherwise injured, but not dangerously.

Two Blocks Burned.

PORTLAND, Ore., Sept. 4.—Fire Sunday at Dallas, Ore., destroyed two blocks, causing \$40,000 loss.

MURDER AT MIDDLETOWN.

Charles Rose Murders Mrs. Elizabeth Dine in Cold Blood.

MIDDLETOWN, O., Sept. 4.—A most cowardly murder was committed Sunday. It was the shooting down in cold blood of Mrs. Elizabeth Dine by Charles Rose.

Mrs. Dine was the mistress of Arthur Funk. The shooting occurred in Funk's own house and in his presence, the assassin firing five bullets into his victim.

He afterwards sought to escape, but Funk, who was stupidly drunk, came to his senses enough to catch Rose, and with the assistance of Andy Frank nearly killed the murderer before he was rescued and jailed.

Rose says he did the shooting in self-defense, the woman having attacked him with a club. He was very drunk when arrested. People here strongly denounce Funk for his impassiveness during the shooting.

AN OLD, OLD CHESTNUT.

The Great Canada Will Spring Concerning the St. Clair Flats' Canal.

WASHINGTON, Sept. 4.—It is reported that it the purpose of the Dominion government to set up a claim to a portion of the St. Clair Flats' canal on the ground that it is partly in Canadian territory. This might be a serious bar to the enforcement of the retaliatory policy if the president should actually attempt to close the canal to British vessels.

The claim is not a new one, and has often been discussed in the newspapers and by private citizens of Detroit and those on the other side of the line, but it had never been pressed to a decision in diplomatic correspondence. It was brought up when the present river and harbor bill was under consideration in a committee meeting. Meeting, of New York, asked Chapman, of the Detroit district, whether the British claim was serious. Chapman replied in the negative.

Chapman said to-day to your correspondent that he did not see how the Dominion government could well enforce its claim except through diplomacy. The United States is in actual possession of the canal, and has been since its construction, more than twenty years ago. If a suspension of Canadian traffic should be ordered by the president, our officers would probably make arrangements to examine the papers of each vessel appearing at either end of the canal, and would permit only American vessels to pass.

The only course open to the Canadians to dislodge the United States officers would be the employment of force. They are not likely to do this without the approval of the Dominion government. That approval will hardly be given without the consent of the home government in London.

If it comes to the use of force, the United States government has four companies of troops in Fort Wayne and Detroit, while there has not been any regular British troops on the opposite shore for many years.

As to the question of ownership, it seems hardly credible that the engineer and officers who built the canal built it without a proper survey, and the engineers now in charge of the world treat with ridicule the theory of Canadian ownership.

Even if the survey should show a part of the canal to be in Canadian territory it is hardly possible that any diplomatic arrangement will leave it otherwise than in our possession, since it was built by an American engineer and paid for from the American treasury.

Gone to Georgia.

WASHINGTON, Sept. 4.—Surgeon General Hamilton, of the Marine hospital service, left Washington Sunday for Augusta, Ga., to confer with Governor Gordon, Mayor Elster, of Savannah, Mayor Dunn, of Brunswick, and the leading railroad officials in that state, with a view to establishing a uniform system of quarantine.

Nearly all of the Georgia cities have different modes of inspection, and in order to facilitate matters in that section during the yellow fever scare in Florida, it is deemed advisable to create a uniform system which will be satisfactory to all interested.

Scott's Chinese Bill Passes the House.

WASHINGTON, Sept. 4.—Representative Scott, of Pennsylvania, introduced in the house to-day without objection a bill supplementary to the bill to execute treaty stipulations with the Chinese. It provides that no Chinaman who shall hereafter depart from the United States shall return thereto after the passage of the act; also that no certificate shall hereafter be issued to Chinese laborers, and all those now in force shall be declared void. All parts of the act to which he is supplemental are repealed.

LATER.—Mr. Scott's Chinese restriction bill passed without division.

DISAPPOINTED VIRGINIANS.

WASHINGTON, Sept. 4.—Speaker Carlisle, who was to have left Sunday for Lexington, Va., to deliver an address before the Democracy of that section, missed the afternoon train and was unable to fill his engagement, as there was no later train by which he could reach Lexington.

The fact that he was to deliver an address at Lexington had been well advertised throughout Virginia, and several western newspapers had sent stenographers and typewriters to Lexington in order to have the speech reported in full.

THE BOATON PUTS TO SEA.

WASHINGTON, Sept. 4.—The navy department received a telegram stating that the new cruiser Boston put to sea from New York to test her guns.

THE DEADLY BASE BALL.

A Catcher Killed by a Foul Tip in a Game at Republic, Ohio.

TIFIN, O., Sept. 4.—The Bellevue and Bloomville base ball nines were playing a game of base ball at Republic Sunday, and in the first inning Henry Zieckemeyer, catcher for the Bloomville club, was struck directly over the heart by a foul ball. He staggered, but picked up the ball, took two steps forward, threw it to the pitcher, Amos Teat, and fell to the ground a corpse.

Two physicians were on the ground, and after three hours' efforts at restoration pronounced the young man dead. He was but eighteen years old, and was the main support of a widowed mother and sister, his father having been killed by a falling tree and his brother by falling down stairs, breaking his neck, a few years ago.

A CANUCK TELLER MISSING.

QUEBEC, Sept. 4.—Receiving Teller Audey, of the Bank National, has been missing since Saturday forenoon, when he disappeared from the bank. His cash is \$12,000 short. His precipitate flight is said to have been due to an informal meeting of the directors, which was about to be held.

BE LIKED SHOES.

BRAZIL, Ind., Sept. 4.—John Kaufman, aged sixty, a hermit and notorious shoe kleptomaniac, was found dead of heart disease at his gate this morning. A hundred pairs of women's shoes and slippers were found secreted in his hut.

WILLIAM WARREN III.

BOSTON, Mass., Sept. 4.—William Warren, who was for many years the leading attraction at the Boston museum, and who as a comedian is of world wide reputation, is seriously ill at his home in Bulfinch street, this city.

THE GERMAN CATHOLICS

HOLD THEIR ANNUAL CONVENTION IN CINCINNATI.

High Mass Celebrated by Rev. Dean IL Ferneding—Archbishop Elder Delivers the Address of Welcome—Grand Parade Sunday—Exercises at Music Hall.

CINCINNATI, Sept. 3.—Cincinnati has again been honored with the presence of one of the most extensive organizations in the country—the German Roman Catholic Verein, which opened its thirty-third annual convention Sunday. From early morning the trains came loaded with visitors to the convention, and the local societies were kept quite busy escorting the delegations to St. Paul's church, at Pendleton and Abigail. Here the delegates were welcomed by Mayor Smith in short address.

The greeting to the delegates on behalf of the local association was given by H. Weber, president of the fest association, and responded to by H. D. Spanhorst, president of the central verein.

The delegates and guests were then escorted to St. Anthony's church, on Budd street, where solemn high mass was celebrated, co-ram episcope, by the Rev. Dean H. Ferneding.

The mass was sung by the Weber maenchen with full orchestra and organ accompaniment, and the solos were particularly well rendered. Rev. A. M. Quatman delivered the sermon, and was followed by Archbishop Elder in a brief address, welcoming the delegates. The celebration of the high mass then closed with the pontifical blessing by the archbishop.

Cincinnati is pre-eminently the city of processions, and the parade of Sunday compared quite favorably with any previous pageants. The day was perfect, the knights stepped briskly along to the stirring music of a score of bands, the bright swords flashed in the sun, and the handsome banners and standards gaily fluttered to the breeze. The decorations over the Rhine were very extensive. Flags fluttered from every window, the music of the orchestras floated from the concert halls, and gaiety and good nature prevailed. Crowds of spectators thronged the line of march, and the street cars were crowded to the steps.

The hour set for the parade was 2 p.m., but a slight delay was experienced in forming, and it was 2:30 before the pageant began to move.

The knights, in their handsome dress uniforms, were enthusiastically received along the line.

The brilliant evolutions of the knights were warmly applauded. It is estimated that fully 5,000 participated in the parade, which was an hour in passing a given point.

The bells in all the Catholic churches pealed merrily as the procession passed, and the chimes in the cathedral rang out joyfully.

To-day grand high mass for members of the Central verein was celebrated with great ceremony at St. Paul's church at 3 a.m. The mass was sung in a very impressive manner. The sermon by Rev. H. Ferneding was especially directed to members of the Central verein, and was a very scholarly discourse, delivered with an earnestness and impressiveness that won the hearts of the hearers.

The evenings of to-day and to-morrow will be devoted to speeches and other exercises in Music Hall. The single admission ticket of fifty cents admits to it and to the exposition. Catholic ladies at the exposition are sure to be largely attended, and will prove unequalled success. Oration on the topics of general interest by Very Rev. Dean Ferneding, Dr. McLaughlin, of the Central railroad, and Mr. Joseph Schaefer, of New York, and Dr. August Kaisar.

Tuesday evening the orators will be Mr. F. R. Hoeger, of Brooklyn; Rev. Joseph Jessing, editor of the Ohio Waisenfreund, of Columbus, O.; Rev. E. Goller, of St. Louis; Dr. Ernst M. Lieber, member of the German reichstag, and Rt. Rev. J. A. Verdin, D.D., bishop of Marquette, Mich. Rev. K. Seiler, of Evansville, Ind., will speak on "Prohibition and Prohibitionists."

TWO INDIANA FARMERS SHOT.

ONE KILLED AND THE OTHER SERIOUSLY WOUNDED BY UNKNOWN PARTIES.

VINCENNES, Ind., Sept. 4.—John Brady, one of the wealthiest farmers of Daviess county, was murdered by some unknown person Saturday evening. He was sitting in his house with a neighbor named Carpenter. They were playing cards, and Brady had just reached his hand to take a trick when two shots were fired through the window, killing him instantly and fatally wounding Carpenter.

If the assassin is found he will stand a good chance for a lynching, as both Brady and Carpenter were industrious and model citizens, without a known enemy, and the community in which they lived is at a loss to account for the terrible fate that has befallen them. The only plausible theory, however, seems to be that the murder was committed for the sole purpose of robbery, as Brady, who had sold large quantities of wheat recently, was sitting on his front porch during the afternoon, counting a big roll of bills.

INDIAN FIGHTER IN TROUBLE.

HARRISBURG, Pa., Sept. 4.—Major Marcus A. Reno, who, until the last few years, was a noted Indian fighter of the United States army, was arrested here Saturday evening on the charge of non-maintenance preferred by his wife, Isabella R. Reno, who lives in this city. He had come up from Baltimore when arrested, and is now under bail for his appearance at court.

CHARGED WITH VIOLATING REVENGE LAWS.

CHATTANOOGA, Tenn., Sept. 4.—W. R. alias "Dude" Fleming, was arrested at Dalton, Ga., on a charge of violating the revenue laws in McMinn county, Tenn. He is charged with leaving the state to get away from the revenue officials. He was brought here and committed to jail.

SHOT DEAD BY AN OFFICER.

BIRMINGHAM, Ala., Sept. 4.—Thomas Churm, a negro burglar, while trying to escape arrest, was shot and killed by Police Officer J. S. Oldham.

Talk is Cheap, But Figures Count.

It may be that Mr. Curtis is indifferent as to what opinion the loyal men of the Nation have of him; and that he cares but little what the soldiers think of him. Be this as it may, by his conduct heretofore, and his persistence in championing the cause of the party that has turned the soldiers adrift, he will always be classed as among those who have but little, if any, appreciation of the services of the defenders of the Union.—Lexington Leader.

Bah! what political twaddle is this that you are dishing out to your readers? The Democratic party has turned the soldiers adrift, has it? It has done better by the soldiers than the Republican party has ever done. Didn't the Republican party take the Rebel guerrilla Mosby and place him in office? Didn't it do likewise with the Rebel General Longstreet and many others?

But how is the Democratic party taking care of the veterans? Read the record of special pension acts that have become laws during the administrations since 1851. Here it is:

From 1861 to 1865 (Lincoln)	41
From 1865 to 1869 (Johnson)	431
From 1869 to 1877 (Grant)	490
From 1877 to 1881 (Hayes)	363
From 1881 to 1885 (Garfield and Arthur)	736
From 1885 to 1888 (Cleveland)	1,369

Nearly twice as many veterans or their families have been provided for by special pension laws during Cleveland's three years of office as in Garfield and Arthur's. Read this record, Mr. Leader, and then hereafter try and deal fairly. Don't let malice and hatred crush all semblance of truth, honesty and fair dealing out of your heart.

But this isn't all. If you think the veterans have been mistreated by the Democrats, compare the following appropriations for pensions for the last Republican administration—1882-85—and Cleveland's administration—1886-89. Here are the official figures:

GARFIELD AND ARTHUR'S ADMINISTRATION.	\$ 68,282,366 68
1882.....	100,000,000 00
Deficiency.....	16,000,000 00
1883.....	86,575,000 00
1884.....	20,810,000 14
Total.....	\$291,667,300 68

CLEVELAND'S ADMINISTRATION.	\$ 60,000,000 00
1886.....	76,750,000 00
1887.....	76,250,000 00
Mexican.....	6,900,000 00
Deficiency.....	3,500,000 00
1888.....	81,750,000 00
Total.....	\$304,480,000 00

Increase under Cleveland..... 12,819,093 32

What do the veterans want? Nay, what more liberal treatment could they ask? Have they been "turned adrift" or ignored by the Democratic party? Don't you know that all your gabble is nothing but campaign lies of the vilest sort? Don't you know that the honest, hard-working, thoughtful people of this country are becoming disgusted with such talk as you and your ilk are indulging in day after day? Don't you know that these pension appropriations are becoming appalling in their amount? If you don't, it's high time for you to find it all out and quit your campaign twaddle.

THE Democrats are glad Mr. Blaine returned from Europe. The "Plumed Knight's" talk has done his party more harm than good. It is to be hoped the Republican Executive Committee will not succeed in their attempts to muzzle him.

THE Republican knows a merchant who will take \$5,000 worth of stock in a company of twenty to build a first-class hotel in Maysville.—Republican.

Why not put this money into some manufacturing enterprise? Maysville needs factories just now much more than she does a fine hotel.

MR. BLAINE has revised his opinion of trusts. A week or so ago he said "they were private affairs with which President Cleveland nor anyone else had a right to interfere." This championing of these robber trusts, however, raised such a howl in the rank and file of his party that he has changed his mind, and now says trusts are "State affairs and ought to be regulated by State Legislatures." Great statesman, this man Blaine is! As the Louisville Times remarks, "He has fallen as flat as a pancake and is wobbling around like a barefooted girl in a patch of green briars."

OUR PUBLIC LIBRARY.

Improvements Contemplated by the Board of Directors—Encourage the Scheme.

The Directors of the Library Association have thus far been able only to put up an incomplete building on their lot on Sutton street, where they have been collecting and preserving many valuable and interesting things belonging to history and science. Already it is claimed by them that they have gotten together the best library on the settlement and development of the Ohio and Mississippi valleys that can be found anywhere, except the one at Madison, Wisconsin, and their collection of valuable miscellaneous books has been all the time increasing.

The library room in the building which has been erected is a large one, with excellent light, and with small expense can be made a beautiful and delightful public reading room. Our information is that the Directors are now making an effort by a public subscription to raise sufficient means to arrange and equip the room with desks, seats, magazines, newspapers, &c., &c., suitable for that purpose. It is proposed in their subscription paper that each subscriber shall pay as much as one dollar; and their estimate is that the sum of one thousand dollars will be required. There are, we suppose, in Mason County ten thousand grown men and women, and in addition to them, almost a countless number of younger people and it can hardly be said that there is one of them all who is not interested in any scheme that will furnish the opportunity for good and wholesome reading.

The subscription paper, or duplicates, is in the hands of a number of people, and we learn that it is proving the most popular subscription paper which has been in circulation for many a day. We give it our best wishes. The paper itself sets forth the object of the subscription more fully than we have done.

The reading rooms will be under the management, of course, of the Directors of the Library, who cannot part, we suppose, with the control and powers conferred by their charter. They are Robert A. Cochran, Sr., Dr. Thomas E. Pickett, Hon. W. H. Wadsworth, John B. Holton and J. G. Hickman. There is some assurance surely in these names of proper and decorous management.

COUNTY COURT PROCEEDINGS.

A SAD AFFAIR.

Death of Little Willie Lindsay From the Injuries Received Sunday Afternoon.

One of the saddest affairs that has happened in this city for many a day was the accident that befell Mr. and Mrs. D. R. Lindsay and their son, Willie, Sunday afternoon, and which resulted in the death of the little fellow at 4 o'clock last evening.

Particulars of the accident were given in yesterday's issue, and were correct except that the above-named were the only occupants of the buggy at the time the wheel came off. Maude, the youngest child of Mr. and Mrs. Lindsay, had been left at home with its nurse.

Mr. and Mrs. Lindsay escaped with a few slight bruises, but a wheel of the buggy passed over their son's abdomen, inflicting painful wounds. From the location of the injuries, it was impossible to tell at first how serious they were, but the physician, Dr. Owens, feared the worst from the start. The child suffered greatly all Monday night, but no cry of pain went up from the brave little fellow. Early yesterday morning he was resting easier, but at 9 o'clock a change for the worse was noticed. Peritonitis had set in and he sank rapidly from that on. All that medical skill could do was done. Dr. Phister, Dr. Adamson, Dr. Browning and Dr. Strode were all called in, but medical science was of no avail, except to alleviate the pain and suffering. At ten minutes to 4 o'clock in the afternoon the little fellow breathed his last.

The deceased was four years old last January, and was the oldest child and only son of Mr. and Mrs. Lindsay. He was an unusually bright and handsome little fellow, the pride of his parents and a favorite with the guests of the hotel. The parents have the sympathy of the community in the sad bereavement that has come upon them so suddenly.

The funeral will take place this afternoon at 4 o'clock at the family residence—St. Charles Hotel—services by Rev. W. S. Priest. The remains will be interred in the cemetery.

Miss Ida Roff, the talented elocutionist, who will give a dramatic reading at the court house this evening, is a Mason County lady, and should be greeted by a crowded house. The admission is only 25 cents.

The annual meeting of the stockholders of the Maysville Gas Company will be held at the office of the company in this city the third Saturday of this month, for the election of President and three Directors. Notice is given elsewhere in this issue.

A LITTLE son of Mr. and Mrs. Pat Collins, of Tilton, Fleming County, had his right ear almost entirely torn off by a dog last Sunday, at the home of Mr. and Mrs. Wm. Byron, of Charleston Bottom, where the family were spending the day. The child was playing with the dog at the time the animal when suddenly became enraged at something. Dr. Browning dressed the wounds.

HAUCKER'S Reed and Brass Band furnished music for the recent Republican meeting at Catlettsburg, and the Ashland Republican has this to say about it: "The Maysville band did its part towards making the convention a success. It is one of the best bands in the State, if not in the United States. One commendable feature is they are not afraid to play, but always ready to respond to every call on all occasions. According to our judgment of music, they surpass the band at the Cincinnati Exposition."

Personal.
Mr. Will Simpson, of Cincinnati, is in town.

Miss Maude Adair is visiting her uncle at Cynthiana.

Thomas Kackley, of Indianapolis, Ind., is visiting his cousin, J. Barbour Russell.

Mr. Peter Montjoy returned to Cincinnati yesterday, after spending a week with his mother at Summitt.

Mrs. E. B. Wells left last night for her home at Sherman, Texas. She was accompanied by Mrs. Harvey G. Wells.

Miss Agnes E. Foster, art teacher at Hayes, has returned from her home at Palmyra, N. Y., where she spent the vacation.

Dr. Henry Lindsay and Mrs. D. Goodin, of Xenia, O., are at the St. Charles Hotel, called here by the death of Willie Lindsay.

Miss M. O. Hall and Miss Smith returned to their homes in Newport yesterday, after a visit of several weeks at Rose Hill, the home of Mrs. B. D. Pickett.

Mrs. Nora Kehoe, of this city, Mrs. Susan Anderson and sons, of Cincinnati, and Miss Nora Kelley, of Connorsville, Ind., were guests of the family of J. B. Fristoe, of Pleasant Valley, Nicholas County, the past week.

GRETNA GREEN LINKS.

'Squire Beasley, of Aberdeen, has married the following couples since August 22nd:

THE BRITISH LION HOWLS.

THE MESSAGE REGARDED AS SERIOUS
BY THE LONDON PRESS.

We are told that English ironclads are behind Canada's guns — why William caresses King Oscar — candidates for Siberia — other foreign news notes.

LONDON, Sept. 4.—The retaliation message of President Cleveland is still harped upon by the London press. For the most part they are in denunciation of the United States in good round terms, while some use it as a club with which to beat Mr. Chamberlain, referring to him as "England's unhappy choice of a commissioner."

It comes very hard at this time when, after a period of self congratulation, especially by the Tory party and its organs, over an advantageous treaty, the government was in the very midst of its work of distributing orders of knighthood among the astute men who effected the treaty, and had assumedly settled the fishery question. The Daily News says of Canada: "Her hands are free, and she cannot do better than to untie the knot which diplomacy has made tighter than ever."

But the Standard bolts over with indignation, saying: "It will be well for the president and government of the United States to remember that Canada is a dependency of Great Britain, and that if the necessity should unfortunately arise she has behind her guns English ironclads. If our American cousins fail to understand this allusion; if, in deference to the tone of coarse brutality, which seems to be a distinguishing feature of their domestic politics, they invite us to reply to their insults in a strain they will comprehend perhaps we may be allowed to remind them of the Trent affair. If we have to deal with a nation of filibusters let us at least know it. We will tell our American cousins frankly that we have not advanced so far toward ideal Christianity that we are prepared to turn our cheek to the transatlantic smiter."

The matter is regarded as very serious here, for it is feared that American fishermen may regard the message as an encouragement to disregard the provisions of the treaty of 1818, and so subject their crafts to seizure, for which they would be disposed in some manner to retaliate and thus effect grave results. Whatever necessitates the presence of British ironclads in Canadian waters is unfortunate. The most ominous feature, therefore, of the situation is that the British government has ordered men-of-war to Quebec.

How William Cultivated King Oscar.

STOCKHOLM, Sept. 4.—King Oscar took luncheon on his return from Berlin. In a toast to Emperor William the king expressed the deepest gratitude for the hospitality and kindness with which he had been received at Berlin, and for the mark of favor to himself and to the Swedish nation shown by Emperor William in giving his infant son an exclusively Swedish name, in addition to that of Oscar. He said he was convinced that those present would give such a response to his toast to the mighty emperor that it would re-echo from the other side of the Baltic.

This cultivation of close friendly relations is a bit of far-reaching diplomacy. In any conflict which involves Germany and other powers on one side and France and Russia on the other, Denmark would probably be found in alliance with the latter, in hope of recovering Schleswig and Holstein. Russia robbed Sweden of Finland, and Sweden robbed Denmark of Norway in 1814. The power of Germany weakened, and Denmark flushed by victory and the recovery of Schleswig and Holstein, would very likely in the general settlement demand the return of Norway. This is why King Oscar is so happy at being caressed by William.

A Diplomatic Visit.

VIENNA, Sept. 4.—The empress of Russia and the czarina, who have been staying at Grunenau, Austria, have started on their homeward journey. This brief visit tends to confirm the opinion, that its purpose was not healthful recreation, but of a diplomatic character that has reference to her brother, Prince Waldemar, as a candidate for the position occupied by Ferdinand as prince of Bulgaria.

It is regarded as all of a piece with the visit of the king of Greece to St. Petersburg, who strongly, it is understood, opposes the, as it would appear, German scheme of placing his brother on the Bulgarian throne. It is not doubted that the visit of William to the old king of Denmark was the result of an accord between Germany and Russia. It is a matter of speculation now whether the old king has yielded his consent out of regard for his son-in-law, the czar, or not. Speculation is at sea, except it is agreed on all hands that the visiting has reference to some momentous event in the Balkans.

Arrest of Many Nihilists.

ST. PETERSBURG, Sept. 4.—Many Nihilists have been arrested at Odessa and Kharkoff. It is not to be assumed that these men have been detected in any conspiracy against the life of the czar; but all men whom the spies of the government, which are legion, have overheard expressing opinions in favor of responsible or representative government are called Nihilists. The utterance of a single liberal sentiment is sufficient to send a man to Siberia for a shorter or longer term. Unhappily, the most peaceable men, who happen to have occurred the enmity of government spies, are liable to be sent as Nihilists to Siberia.

Foreign Notes.

The Parnell defense fund has been very poorly supported in the most parts of England, though it is receiving numerous contributions in Ireland.

The Vatican peremptorily insists that Cardinal Moran, archbishop of Sydney, N.S.W., shall immediately account for a \$10,000 bequest made by the rich Bishop Vaughan, Moran's predecessor.

The will of the late Emperor Frederick of Germany, will soon be published. It is reported that one passage declares that an extension of popular rights would be the strongest bond of union between the nation and monarch.

The Paris Nouvel Revue has published another secret document in the shape of a letter from Prince Ferdinand of Bulgaria, to the counts of Flanders, confirming the recent disclosures, and severely attacking Prince Bismarck's Bulgarian policy.

The Catholic bishops of Germany assembled at Fulda have signed an address to the pope in which they severely attack the clause in the new Italian penal code regarding abuses of the clergy. The archbishops of Cologne and Posen are among the signers.

UTES AND PIUTES

Pitch Battle in the La Sal Mountains.
One Hundred Reported Killed.
DENVER, Col., Sept. 4.—The rumors as to the war between the Utes and Piutes have been confirmed by the receipt of a letter by Governor Adams from Naturia, stating that the mail carriers had been informed by an Indian that the Utes had fought and beaten the Piutes. The letter adds that from the meager information obtainable it is probable that one hundred Indians were killed. The band of Utes engaged in the battle were probably led by "Manco Jim," who is a notorious desperado. They are a band of renegades, who have never been attached to any agency and have had their retreat in the wildest portion of the La Sal mountains.

The following letter received by George W. Brook from Naturia relates to a fight in Utah between the Utes and Piutes only a meagre report of which has been received: "Mrs. Cunningham surprised us last night by coming with the mail carrier in the buckboard from Paradox Valley. She was frightened by the Indians at Lasol. Two cowboys in the employ of the Pittsburg Cattle company had been hunting horses and had them in a corral about four miles from the company's camp. As they were saddling their horses an Indian all covered with blood ran up to them and cried out 'Go, white man, Indians heap fight; Utes beat Piutes.' The boys became frightened and rode as hard as they could into camp. As soon as Mrs. Cunningham saw them she knew something was wrong, she told them to saddle up the horse for her and take her to Paradox. While the boys were saddling the horse they heard the Indians whoop and they saw one dead Indian and several wounded ones as they came out. The Indians were still fighting when they came away."

TOO FREE WITH HIS GUN.

A Scared Saloonkeeper Makes Things Lively With His Gun.

GREENSBURG, Ind., Sept. 4.—John Erhardt made things extremely lively at a late hour last night by shooting promiscuously at a large crowd in and about his saloon. Some one threw a large fire cracker in the hallway and when it exploded the report was like unto a small cannon. It was the signal for "Johnny, git your gun," and so he got it, a big thirty eight English bulldog, and began to fire at the crowd in rapid succession, and did not stop until he had emptied each chamber of his revolver. He reloaded his gun and awaited a further attack.

The crowd inside by this time had got on the outside, and a crowd on the outside who heard the shooting made a rush to see what was the matter inside, and as Martz Zorger, ex editor of the Press, of this place, was peeping into the window, Erhardt fired, and the ball passed through the window glass and through Zorger's hat, missing his forehead about an inch. The splinters from the glass knocked the bark off his nose, and it was not until afterwards that he discovered the large hole in his hat. Several other persons had close calls and narrow escapes from being shot.

W. S. Toothman, marshal, and Night Watchman John Level, appeared and caught Erhardt and disarmed him, and took him to jail, where he remained all night. When he heard the report of a large firecracker he imagined that the crowd had opened fire upon him, when in fact it was done by a wag as a joke.

Sand-Bagged and Robbed.

FORT WAYNE, Ind., Sept. 4.—Saturday a Mr. Chester drew \$1,500 from a bank here, and while on his way home, which is near Antwerp, O., he was sand-bagged and all his money taken. After securing the money he was bound, gagged and placed on the Wabash railway track. He was discovered and taken home, badly maimed. No clew.

Demands for Blaine and Thurman.

NEW YORK, Sept. 4.—The Republican oratorical histrion is having great difficulty in arranging Mr. Blaine's engagements to speak during the coming campaign. Nearly every state in the Union wants him, but the Republican managers have decided that safe states like Pennsylvania and Vermont must do without him. The Democratic oratorical bureau, on the other hand, is trying to satisfy the multitudinous demands for Judge Thurman's presence. Originally the intention was to have him speak in the four doubtful states and Ohio, but strenuous appeals, such as came from Michigan have caused the bureau to book him for occasional speeches in the states giving small Republican majorities. Next to Judge Thurman and Mr. Blaine, Congressmen McKinley, Mills, Breckinridge, Col. Ingerson and Daniel Dougherty are the greatest in demand.

More Gold Found in Michigan.

ISHPENING, Mich., Sept. 4.—Capt. Trevarthen, of the Michigan mine, has brought 200 pounds of gold bearing quartz into the city. Nearly half a ton of this rock is now out. Peter Gingrass, owner of the land, retains 10 per cent. The rock got out in one week is worth at least \$5,000. Quartz carrying free gold has also been found in the bottom of the gold shaft of the Lake Superior Iron company.

Seventeen Horse Thieves Killed.

KANSAS CITY, Sept. 4.—Farmers near Paladora, in the public land strip, for some weeks have suffered heavy losses of cattle and horses. They suspected a camp of men, seventeen in number, near by, and Saturday forty of the farmers, armed with rifles, raided the place. In the fight every one of the campers were killed and three farmers. Over fifty head of horses and cattle were recovered.

They Came Under Contract.

NEW YORK, Sept. 4.—Among the detained emigrants at Castle Garden Sunday were Ernest Wilhelm Haswell, his wife and four daughters, all of whom came over under contract to work at Schmitt's sail cloth factory at Hartford, Conn. Schmitt paid their passage from Europe.

Dakota Press Boys on a Junket.

YELLOWSTONE PARK, Sept. 4.—The Dakota Press association arrived here on a special excursion train to-day, and will hold their annual reunion here instead of at Big Stone lake, as was originally arranged.

It Lasted But Three Rounds.

CHICAGO, Sept. 4.—Frank Skinner, of Chicago, whipped Ed. Muller, of New York, in a bloody three-round fight early this morning. The battle was with two-ounce gloves, and for \$500 a side.

Too Much Rain.

LACTATED FOOD ENDORSED BY 10,000 PHYSICIANS

As a perfect food for invalids, in dyspepsia, fevers, sick headache, diarrhoea, feeble digestion, and all wasting diseases, and for infants deprived of mother's milk, or when weaning.

The Favorite Food in Hospitals

Hahnemann Hospital.

New York City.

"We have been using Lactated Food for several months past in cases of dyspepsia, after operations, and with children, and in all cases it has answered admirably. We would gladly recommend it as a food easily digested, nutritious, and not disagreeable to the patient."

F. B. FULTON, M. D., House Surgeon.
